SCRUM

PROBLEM STATEMENT: #33

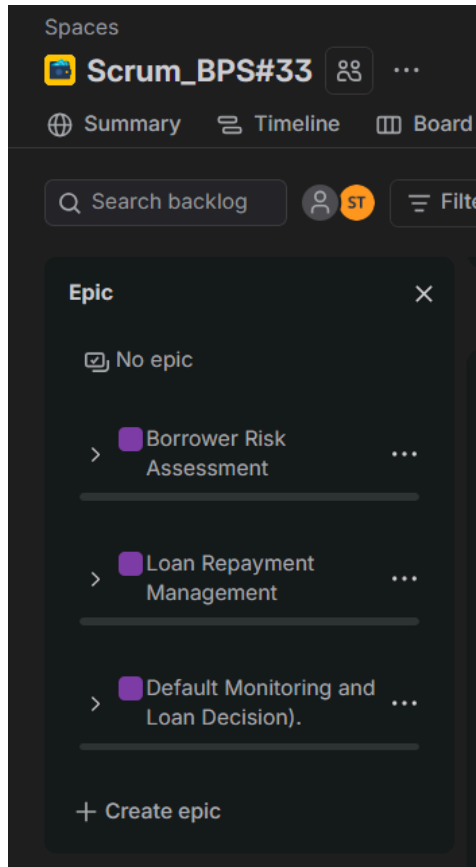

1. Active Scrum Sprint Board

Overview of the active Scrum Sprint Board displaying the 5 Functional Requirements (FRs) and 2 Non-Functional Requirements (NFRs)

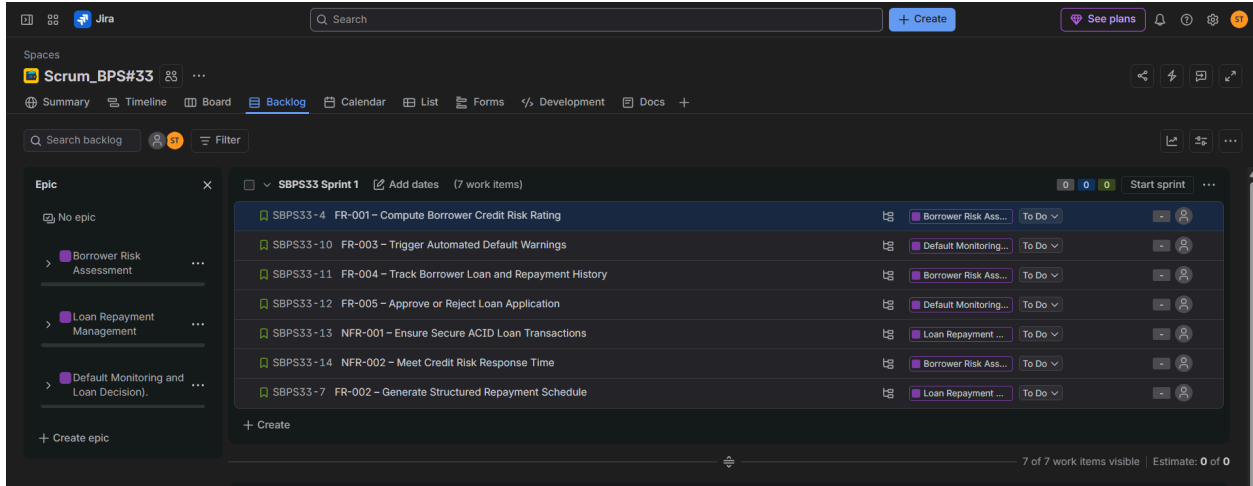

2. Epic (Scenario) Creation

Epic management panel in the Scrum project displaying scenario-based Epics (Borrower Risk Assessment, Loan Repayment Management, and Default Monitoring and Loan Decision).

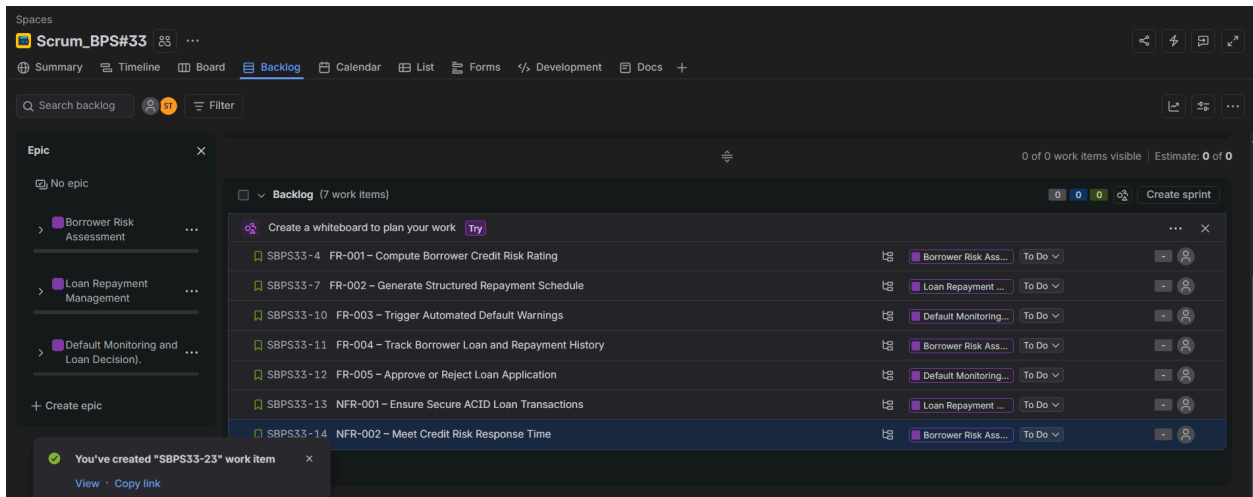

3. Backlog and Sprint Planning View

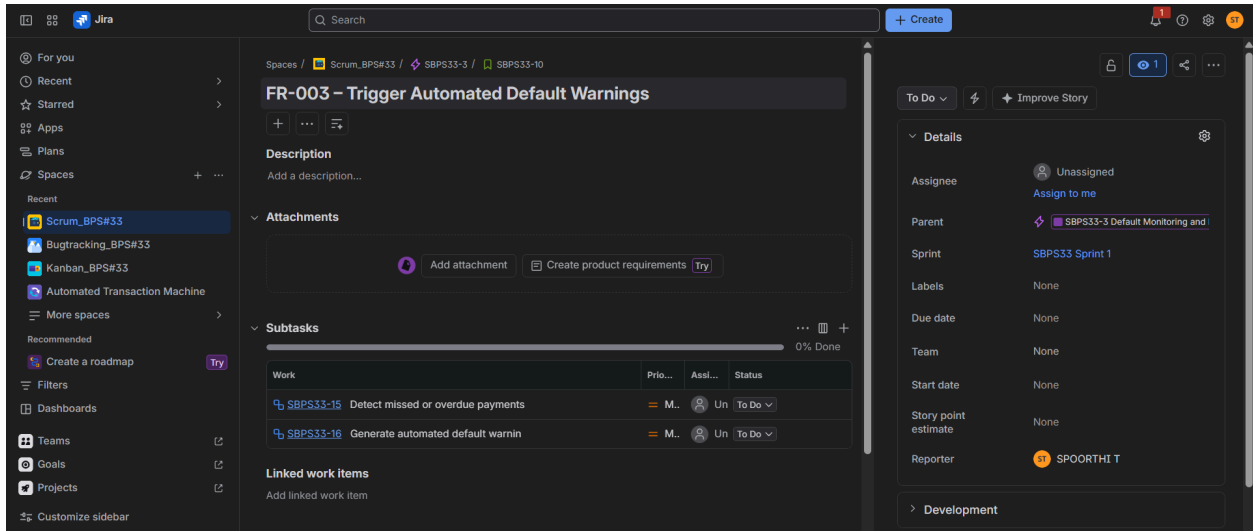

Backlog view showing the creation and planning of Sprint 1 containing User Stories for all 7 project requirements.

4. User Story Breakdown into Sub-tasks

Detailed view of a functional requirement user story demonstrating actionable sub-tasks created for sprint execution.

5. Backlog List Mapped with Epics

Complete Scrum Backlog list showing all 7 work items successfully mapped and tagged to their respective project Epics.
